

IPSC HANDGUN RULES, JANUARY 2006 EDITION

JUNE 2007 INTERPRETATIONS

11.8 Interpretation of Rules

Please note that these are interpretations issued in compliance with Rule 11.8.3 and are subject to ratification or modification at the next IPSC Assembly.

In respect of Rule 6.2.5.1, competitors already registered in Open Division who fail to comply with the requirements of Open Division during a course of fire will shoot the match for no score.

In respect of Rule 9.1.6.1, if it cannot be determined which hit(s) on a scoring paper target or no-shoot are the result of shots fired through hard cover, the scoring paper target or no-shoot will be scored by ignoring the applicable number of highest scoring hit(s).

In respect of Section 9.9, stationary targets which become partially or wholly concealed by action of a moving no-shoot or vision barrier are subject to the same criteria concerning the application of failure to shoot at and/or miss penalties.

In respect of Appendix D4, Point 17, the expression “Single-action-only handguns are prohibited” means “Guns deemed by IPSC to be single-action-only handguns are prohibited”.

In respect of Appendix D4, Point 20.3, the maximum surface area to which tape can be applied in a single layer (unavoidable minor overlapping permitted), is illustrated in the diagram below.

IPSC Production Division

Tape can only be applied to areas illustrated by the red boundaries, which includes the front and rear backstraps. However tape cannot be used to disengage a grip safety, nor can tape be applied to any part of the slide, trigger, trigger guard, magazine or on any lever or button.
